Message from the Headteacher:

I cannot believe it is already May Half Term and we are half way through the Summer term already. Many of the children have been busy this week working on their Design and Technology projects. Children in the Michael Rosen Class have impressed me with their knowledge of different tools and their accuracy in measuring to create their fairground rides.

The Michael Morpurgo Class have constructed some fabulous moving toys and I know they have enjoyed solving any problems they encountered.

I have been really impressed with the learning that has been going on across the school in writing and the children have written some fantastic Non-Chronological Reports about the school. I will be selecting a few of them to put on our school website.

All of the children across the school have now taken part in Reading and Maths quizzes and we will be using the results from these to help inform the reports you will receive next term.

Parent Governors

Next half term we would like to recruit two Parent Governors. Please could you email the school or speak to the school office, if you would like further information and to express an interest?

Clubs

Premier Education will be running 3 fully funded clubs next half term.
