

REFERRAL FOR AN EHCP

- An EHC Needs Assessment can be requested when a child has a learning difficulty or a disability and is not making the progress expected with the support that is being put in place, or the parents of the child believe that the education setting is not able to provide the help and support which is needed.
- Families and schools are encouraged to work together to discuss the provision in place for a child and decide if/when statutory assessment is appropriate. An EHC Needs Assessment is usually requested by the school but can be requested by a parent or carer.
- An EHC Needs Assessment may result in an **Education, Health and Care Plan (EHCP)** being issued. Parents and carers have the right to appeal against a decision not to issue an EHC Plan.
- An EHCP is a document which sets out the education, health and social care needs of a child and the support that is necessary to help them to progress and achieve their outcomes (for some this may be up to age 25).
- Once the EHCP has been completed and agreed, it will be kept as part of the pupil's formal record and reviewed at least annually by staff, parents and the pupil at an Annual Review meeting.
